

## Turned out nice again!

### Editorial

I think there has only been one Saturday where we could not shoot, not due to rain, but due to wind. And only one Saturday where we had to make a run for shelter from the rain, ask Mick how wet he got.

Every now and again, despite our best endeavours, you may manage to achieve a direct hit on the boss stands. So, how to remove your arrow from the woodwork. The correct way involves using screwdrivers above and below the arrow

to open the grain in the wood. You'll then be able to gently ease out the arrow.

Stephen has been noted as an excellent tea maker during our recent Western shoot. On behalf of the archers present, I would like to say thanks, and anytime Stephen wishes to make the tea it is fine with me. 😊

Thanks goes to Steve as the latest roving reporter for his piece on Dunster.

### Club Shoots

August	20th	Nationals, Hereford and York
	27th	
September	17th	Nationals, Hereford and York
	24th	
Keep an eye out for details, as the shoots will require an early start		

### Fun Shoot

A future date for your diary.

A fun shoot is to be arranged for the 3rd September, including a buffet.

Invite friends and family, so please keep the date free.

This is not a normal shoot, Marc has some surprises for us.

Keep an eye out for the emails.

### VALuable Tips

*Keep a spare string, shot in with nocking point in the right place.*

*Know what your bracing height should be and always check it.*

*Congratulations to Carla and Stuart  
on your recent marriage.*

*We wish you all the best for your future life together.*

<i>CONGRATULATIONS</i>					
Chloe	3rd	Junior Ladies Recurve	Bristol IV	EMAS Champs	19th July

	21st	KMAC Fita 70M
September	4th	Novice Shoot
	17th	Bowmen of Glen Fita Star
	18th	Bowmen of Glen Fita 720

## Road to Dunster

### 56th Dunster Week

This year Sally & Steve went for the week

The first Sunday was very wet and windy, the field of 63 targets which was set in the grounds of the castle was very impressive and a sight to be seen.

They were both shooting a Hereford.

Unfortunately, Steve had a twisted bottom limb and was told he could not continue shooting.

Half an hour later Steve was back on the line after buying a second hand pair of limbs, he was allowed to shoot but not score.

The rest of the shoot went well with Sally having her best finish of the week coming 6th

On Tuesday, they both shot an Albion, it was a lovely warm sunny day and they both shot personal bests.

Thursday night there was a hog roast and social evening which was very enjoyable.

Friday they both shot a Windsor but it was yet another wet and windy day.

Saturday saw the start of a double York/Hereford and Nationals.

Caroline and Alan came down for the weekend.

Saturday was the wettest day of the entire week but Steve managed to finish 3rd in the National.

On Saturday night they all went out for an enjoyable meal together.

Sunday was a warm sunny day which finished the week off nicely.

Sally and Steve stayed for the awards which took two and half hours and collected 2nd place medals for Alan and Caroline.

## Club Notices

Following the July beginners course, we have a new member, so please take five minutes to have a chat with and welcome Rene Kennedy.

It does not seem five minutes since last September, but it is here next month, which means GNAS fees are due, £44 and £12 for adults and children respectively.

In order for you to receive your membership card on the 1st October, please give a cheque to Val, no later than the 20th August. Any late payments will result in a second return needing to be made & therefore delays in your new membership card.

However, the club can now issue an Archery GB receipt, for the GNAS fees, which means that if you do not have your new card & then go to a shoot your receipt will prove you have paid.

We will need to re-line the field very soon, so keep an eye out for details, and please offer your help.

Just a reminder, when having a cup of tea or coffee in the clubhouse, please put your pennies in the tub.

## Unstrung

### Top excuses

*"There's more gravity just in front of that target"*

*"A helicopter passed overhead and caused a down draught on my arrow"*
